UCP SEGUIN HAS BEEN GIVEN SEVERAL CHALLENGES.

Can you help us meet them?

ONE CHALLENGE

**HELP US FIND EMPLOYMENT & HOUSING
FOR PEOPLE WITH DISABILITIES**

Back in the late 1990s Brian and Dawn Caden were seeking opportunities for their amiable, generous and joy-inspiring son Peter to participate fully in adult life.

Peter had recently graduated from Oak Park-River Forest High School. He and his parents were anxious to secure services from a well-run, innovative community organization. Fortunately for them UCP Seguin of Greater Chicago was able to fill that role.

While Peter was able to participate in the agency's employment and life skills training programs, the Cadens also sought a residential placement – a home where Peter could build skills and grow into adulthood. Through tireless advocacy the Cadens were successful in making that happen. Now Peter lives in a UCP Seguin home in his Oak Park community, where he is employed at the New Rebozo restaurant and his parents can stay well-connected to him.

Generous friends of UCP Seguin have pledged to match donations this holiday season to benefit the organization's outstanding programs, such as those in which Peter participates. **Help people with disabilities achieve their potential and advance their independence, through community jobs, residential supports, life skills training, and other innovative services provided by UCP Seguin.**

ANOTHER CHALLENGE

**HELP US IMPROVE THE LIVES OF PEOPLE
WITH DISABILITIES FROM "EYES TO TOES"**

People with disabilities often experience complications with matters that many of us take for granted in our daily existence – our sight, our mobility, our most basic functions.

UCP Seguin's "Eyes to Toes Project" has jumped into the breach, providing individually tailored vision and foot care.

Brenda Hall, who has cerebral palsy and impaired vision, resides at a UCP Seguin group home in Bridgeview. She also participates in our Employment & Life Skills Programs. Through the "Eyes to Toes" project, she can access specialized optometry services and secure properly fitting, sturdy eyeglasses. Brenda can accomplish at-home activities more effectively, as well as her work at Seguin Gardens & Gifts and Portillo's Learning Kitchen.

In addition, through this beneficial project individuals served by UCP Seguin receive special podiatric treatment, enabling them to be more mobile, and to actively engage their world.

This year the Community Memorial Foundation has issued UCP Seguin a challenge – a grant to cover costs of vision and podiatric care for people with developmental disabilities. CMF will match up to \$10,000 from new donors or donors who increase their giving to UCP Seguin. **With your generous support, you can help persons like Brenda to be happier and healthier from "Eyes to Toes".**

MANY CHALLENGES, MANY SUCCESS STORIES

... and you can assist UCP Seguin in creating more success stories. Help children and adults with disabilities achieve their potential, advance their independence, and act as full members of the community.
